

Elixir[®]

**FASTER, CLEANER RUNS.
IT'S ALL GOOD.**

**KEEP THE PRESSES
ROLLING WITH:**

Elixir WEB—web presses

Elixir SF—sheet-fed presses

Elixir DI—digital imaging presses

LOW VOCs

Elixir[®]

Elixir[®] Pre-Saturated Automatic Blanket Cleaning Rolls

Your pressroom doesn't have time for trial and error. Products need to perform—always. Elixir Automatic Blanket Cleaning (ABC) rolls from Fiberweb Graphic Arts Products deliver, so your print jobs will consistently meet the highest level of quality. Mix that high quality with pre-saturated convenience and local availability, and you have a cost-efficient solution that keeps the presses rolling. And with low VOCs, well, it's all good.

Fiberweb[™]

THE PRODUCTIVITY EXPERTS.
PREPRESS | PRESSROOM | SHEET-FED | WEB

Why Elixir® pre-saturated ABC rolls are GOOD FOR YOUR SHOP:

- **Cost-efficient**—longer yardage rolls mean less changeover for presses and more up-time which translates to more money for your shop.
- **Compatible**—works with most existing sheet-fed and web press pre-moistened blanket cleaning systems (see updated list on website: fiberwebgraphics.com/english/elixir.html).
- **Environmentally friendly**—specifically developed for blanket cleaning applications, Elixir contains low VOCs.
- **Convenient distribution**—readily available through the distributor of your choice; quick, on time delivery reduces the need for high inventory levels and other associated costs.

IT TAKES A PRO.

To strive for the perfect print job. To spot the hickey everyone else missed. To know quality printing products when he sees or feels them. It takes a pro.

Now, consider Fiberweb Graphic Arts Products. We provide top quality, high-performance professional products for all areas of a printing company—prepress, pressroom, web and sheet-fed presses—so that every aspect of your shop can surpass productivity goals.

Our heritage goes back more than 50 years—since the first Webril® cotton pad was introduced, revolutionizing prepress wiping and cleaning. To see our current complete line of graphic arts products, go to fiberwebgraphics.com.
